

ANSHIKA YADAV

SHIKOHABAD, Uttar Pradesh – 283135

SUMMARY

AI-focused BCA final-year student with hands-on experience in full-stack development, AI automation, and API integration. Skilled in building scalable applications using Python, JavaScript, React.js, Node.js, MongoDB, and REST APIs. Experienced in workflow automation, backend integration, debugging, and developing AI-driven solutions. Passionate about Generative AI, LLM-powered applications, and building efficient, user-focused systems.

SKILLS

Programming languages: Python, JavaScript (ES6+), HTML5, CSS3

AI & Automation: Generative AI, Prompt Engineering, LLM APIs, AI Automation, Agentic Workflows, API Integration, n8n

Development: React.js, Tailwind CSS, Node.js, Express.js, REST APIs

Tools & Platforms: Git, GitHub, Postman, VS Code

Soft Skills: Communication, Problem Solving, Team Collaboration, Adaptability, Quick Learning

EXPERIENCE

Full Stack Developer Intern | Labmentix

Sep 2025 – Mar 2026

- Developed scalable full-stack web applications using React.js, Node.js, and MongoDB.
- Integrated REST APIs and backend services for seamless frontend-backend communication.
- Collaborated on debugging and optimizing application performance.
- Worked in first-paced development environments with rapid iteration and feature implementation.

Frontend Developer Intern | Bharat Economic Forum

Jul 2025 – Sep 2025

- Developed responsive UI components and optimized frontend performance.
- Resolved 20+ UI issues, improving user experience and application stability.
- Collaborated with design and development teams for accurate UI implementation.
- Maintained documentation and tracked progress using collaborative tools.

PROJECTS

AI Automation Workflow Project

- Built AI-driven automation workflows using n8n to automate repetitive business processes.
- Integrated APIs and handled JSON data for automation processes.
- Designed automation pipelines to improve operational efficiency and reduce manual effort.

AI Chat Assistant

- Developed an AI-powered chatbot using OpenAI API and React.js.
- Implemented prompt-based interactions and API handling for dynamic responses.
- Built responsive frontend and integrated backend APIs for real-time communication.

Crafshi – Full-Stack E-commerce Platform

- Developed a scalable e-commerce application using React.js, Node.js, and MongoDB.
- Built reusable UI components and integrated REST APIs for product and user management.

CERTIFICATIONS

Mastering Generative AI and Chat GPT | Issued by: GeeksforGeeks | Completed: 2025

Python Development | Issued by: Udemy | Completed: 2025

React JS Complete Course | Issued by: GeeksforGeeks | Completed: 2025

Web Development Course by Hitesh Chaudhary | Issued by: Udemy | Completed: 2025

ACHIEVEMENTS

- Developed and delivered multiple full-stack web applications using React.js, Node.js, and REST APIs.
- Recognized for identifying and resolving UI issues, improving application stability and user experience during internship.
- Built AI automation workflows using APIs and automation tools to streamline repetitive processes and improve efficiency.
- Demonstrated strong problem-solving and debugging skills across frontend, backend, and API integration tasks.

EDUCATION

Dr. Bhim Rao Ambedkar University Agra

Bachelor of Computer Application | 2023-2026 (Expected)

Class 12 (CBSE)

St. Dominic's Academy | 2023

Class 10 (CBSE)
